Clariah

Soft launch Ineo

Sebastiaan Fluitsma, 30-06-2022

Clariah

Ineo guiding principles

1) The CLARIAH output has to be findable, accessible and usable for our (potential) users
2) User needs and demands first
3) 80%+ of our (potential) users are not yet ‘tech savvy’ DH scholars. They need solid and structured support
4) Users benefit from one starting point for DH resources, with consistent UI/UX = Ineo (Latin: ‘I start with…’)
